Description :

Carolina Horse Company (CHC) held its Catalog Horse Sale on Saturday, June 4th, 2016. The consignor sold the horse in the ring for $4500 - purchaser was an existing CHC customer and bid over the phone as he could not be here in person until Sunday morning. The consignor returned the horse to his stall and fed/watered him. The horse was last seen in his stall at approximately midnight by CHC staff and 2 CHC customers who were loading their horses. At 6:00 am, the horse was no longer in his stall and the stall door was closed and latched. After exhausting every possibility of the horse being taken mistakenly in place of another, CHC filed a police report and is continuing to search for this horse.
