Description: I am in the Military/Deployed and left my horses with a friend to care for. Times got tough and the horses were to be at a rescue temporarily that was in Wilburton, OK area. I have asked for my horses back as they belong to me and they will not help. The rescue knew of a Military Member who would want the horses back before the horses were given away but did not try to contact me. Mocha may have been moved to Fayetteville, North Carolina or may be near Manhatten, Kansas.
