Missing Horse Near Brooklyn, MI, 49285

NetPosse ID # : 7013 | **Name** : Kings Eternal Cowboy | **Breed** : Paint |

Description : My horse was allowed out on a trial ride before he was to be purchased. I allowed a 2 week period of time for them to get comfortable with each other. Keep in mind I knew the purchaser and her friend and trusted they would never do this. The horse was never returned. CAUTION: All parties involved are either mounted law enforcement officers or are reserve officers. I would just like the horse back no questions asked and no prosecution. I can explain in more detail to anyone who responds that can help me. My horse is solely papered in my name and has been raised, trained, and brought up by me. He was taken from Brooklyn, Michigan Jackson Co. and I believe he is in Indiana or maybe OH.
