Description:

In 2013 I was forced to sell my Appaloosa Gelding Due to Military Obligations. The verbal agreement was that I would be able to keep contact with the new owner to ensure he had found a good home and to provide any background information they would like; and if he ever needed to be rehomed I would take him back. The initial sale was arranged in Cumberland, Virginia. He was later sold to a lady in Cumberland, VA. I have been in contact with her and she refuses to provide me with ANY information. I just want to ensure that he is safe and in good hands, answer any questions his owner may have on his history, and if necessary, take him back. He was my baby, a gift from my grandfather, and we were a team since I was 10 years old. I just want to know he's safe. Thank You.
