Description : On 12/08/2015, I delivered my 2 mules (Ms. M and Charity, both rescued from an auction and KP) to an individual (contact owner for name) in Greensville, TX, who was to sell them on consignment for me. On Aug 8th, 2016, I was told they were sold to a cattle company in Wilcox, AZ. Upon further investigation, I discovered that the place I was told he sold the mules to does not exist! And he will not tell me where they went! I have NOT been paid for Ms. M, who was fully trained after I rescued her.

Area Last Seen : Alvin, TX, 77511 | **Date Lost** : 5/27/2017
