 NetPosse ID #: 5015

LAST KNOWN LOCATION: LINCOLN, CALIFORNIA

Searching for horse Woodrow (HobbyCash). He is a quarter horse gelding. 2003 19 year old grey quarter horse gelding last seen in a pasture in the LINCOLN, CALIFORNIA area in 2012 and would probably be all white by now. 'Woodrow' had been injured with bowed tendons and would be unsound. Please I just need to know his current situation. If he is safe and loved.
